Section IV

TERMS OF REFERENCE

SUB-SECTION I: PROJECT DESCRIPTION WITHIN WHICH THE GRANT WILL BE AWARDED

The Mission of the International Organization for Migration (IOM) – A UN Migration Agency in Kyrgyzstan has been implementing **USAID Dignity and Rights Project** since October 2015 in Kyrgyzstan and Central Asia.

The **overall goal** of this project is to advance human rights and dignity in Central Asia, both as an issue of public policy, as well as civic culture. In an effort to achieve this goal, the project focuses to achieve the following objectives for four of the Central Asian Countries, including Kyrgyzstan:

Objective 1: Increased citizen knowledge of, and support for, human rights norms;

Objective 2: Enhanced support systems for protecting rights and serving those whose rights have been violated;

Objective 3: Improved legal and policy framework on human rights issues.

The focus of the project and its activities are raising the awareness of the population, including the migrants, of their rights, and improving their knowledge thereof. The project also contributes to better understanding of IML (International Migration Law) protection framework supported by both governmental and non-governmental actors. The project develops state and non-state capacities in developing and/or improving adequate legislation, national action plans, quality standards for service provision, development of human resource capacity, inter-agency cooperation and coordination, monitoring and feedback, and adequate and transparent state funding. Overall, the project aims to continue addressing counter-trafficking and labor migration issues, through IOM's programs, and to expand IOM's response in order to address more generally human rights challenges in Central Asia.

Within the framework of the aforementioned project, IOM would like to conduct 2 Camps for Migrants who have received support from IOM and 1-day dialogue of local authorities with community activists.

SUB-SECTION II: IOM STRATEGY IN CENTRAL ASIA

The strategic vision of IOM Central Asia is to maximize the potential for migration to contribute to development and economic growth in Central Asia. To achieve this vision and fulfill IOM's mandate to promote humane and orderly migration management, the following objectives have been defined:

- To improve understanding of migration among governments, communities and employers.
- To help establish efficient migration management systems and address issues surrounding irregular migration.
- To promote and protect the rights of migrants.
- To contribute to poverty reduction in Central Asia among migrants, home communities and host communities.
- To help create an enabling environment for decent labour, equal employment opportunities and implementation of best practices.
- To support community stabilization and migrant integration in conflict-prone areas.
- To provide assistance to people on the move.
- To address the many issues associated with human trafficking, including prevention of trafficking and protection of victims.

CRITICAL MIGRATION CHALLENGES IN THE REGION

Central Asia faces several critical issues in migration management. These issues reflect economic, political and social tensions that exist throughout the region. Crucial migration issues in Central Asia include:

- Insufficient inter-state dialogue on migration issues and difficulties in harmonizing international, regional and national migration processes.
- Inadequate national and regional migration policies and an underdeveloped legislative framework.
- Poor data collection, management and sharing, leading to inadequate understanding of the actual scope of migration and irregular migration.
- Underdeveloped capacity to deal with migration challenges. There is a need for more understanding of migration issues among state agencies, as well as building capacity to deal with migration and manage borders.
- Inadequate legal and social framework to protect migrants, particularly their human rights.
- Widespread labour and sexual exploitation of migrants.
- Lack of optimizing remittances: in a context where a high proportion of many Central Asian countries' GDP comes from migrants working abroad. Governments lack the capacity to mainstream migration into the development agenda.
- The political uncertainty and disaster-prone geography that characterizes Central Asia requires community stabilization and disaster risk reduction.
-

INTEGRATED APPROACH IN CENTRAL ASIA

The five countries of Central Asia – Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan – are closely linked in terms of history and culture. Migration issues in these countries are therefore also linked and share strong commonalities. In an effort to address these issues, and to support economic and political co-operation among the five Central Asia states, IOM has recently adopted an area-based approach to the five countries of Central Asia with a co-ordination office in Astana, Kazakhstan.

To ensure coherence and long-term sustainable solutions, IOM has implemented a unified management approach to the Central Asian countries. This approach has allowed IOM to increase the capacities of individual missions in terms of fundraising, operability, accountability, transparency and professionalism. It also helps the Coordination Office to

manage and oversee programmes, enabling IOM to increase its capacity in Central Asia while decreasing operational costs.

In Central Asia, IOM's integrated approach has created a strong competitive advantage. This advantage arises from three factors. First, IOM's unified management system increases its capacity in the region while decreasing operational costs, allowing efficient management and helping to ensure maximum impact. Second, IOM has a strong focus on teamwork. Not only do IOM missions within Central Asia work closely together on regional projects, but there is also close co-operation with IOM missions outside the immediate cluster area, especially with Russia. Finally, IOM's long-standing presence in the region has allowed it to develop wide expertise. IOM has extensive knowledge about the programmatic, geo-political, cultural and socio-economic dynamics of Central Asia.

IOM's regional programming promotes improved co-ordination and coherence on cross-border issues and leverages the competitive advantage of IOM's field presence in all five Central Asian countries. In addition, IOM's regional programming allows it to engage in close, co-ordinated co-operation with a variety of governments and civil society organizations. This co-ordination has led to a strong track record of delivering results.

SUB-SECTION III: GEOGRAPHIC COVERAGE AND THEMATIC AREA

The project will be implemented in Kyrgyzstan, trainings/camps locations to be determined once the proposal is selected, estimations may include reasonable cost of conducting the camp (one in the North and another in the South of Kyrgyzstan). Dialogue location is preferably in the south of the country.

Lot #1. Conducting of 2 Camps for Future Community Activists and 1-day dialogue of local authorities with community activists

I. Camp for Future Community Activists* (текст на русском языке см. далее)

For decades IOM has been saving, protecting and supporting migrants facing various challenges throughout their journeys to fulfill their migration strategies. In Kyrgyzstan there is already a pool of former migrants who received support from IOM upon return. With the help of IOM, many migrants could find justice if their rights had been violated, could improve their life situations and are potentially ready to engage in volunteerism to help other migrants who need help. This RFP involves gathering all migrants who have received assistance from IOM to involve them in volunteering as activists in promoting human rights, spreading information about the risks of irregular migration, trafficking / smuggling of people, in advocating safe migration by telling their stories and sharing experiences, initiating socially and economically important actions at the level of their communities.

Only those who share common experiences and challenges can come together to stand up for their own rights. For instance, IOM's last year camp experience has taught the organization a lesson that our beneficiaries are ready to engage and not merely remain beneficiaries. They would like to become active stakeholders and actors in advocating for migrant rights. The trainers are expected to organize an event in a form of a "camp-out" during which these migrants can potentially become active volunteers. Therefore, the task of trainers is to show how these former migrants can become volunteers, to train them what it means to be initiative and initiate, and how they can engage in human rights activism by becoming volunteers in their communities. The expected success of this camp activity is that at least two camp participants will independently engage in activism and become volunteers in their communities.

The PRINCIPLES to which the Service Providers shall adhere:

- **Principle 1 - All trainers shall be bi-lingual: Kyrgyz and Russian (knowledge of Uzbek is an advantage).** Note that many migrants are mainly Kyrgyz- or Uzbek-speakers, therefore training approaches, materials, and activities shall be geared towards Kyrgyz- and Uzbek-speaking audience. Service providers shall demonstrate their advanced knowledge of the Kyrgyz language;
- **Principle 2 – Materials and knowledge presented in easiest way possible.** Due to different levels of education the training audience will have, the training materials shall be presented in an easy and uncomplicated manner so each and every training participants understand the topics of the camp;
- **Principle 3 – Psychological Support.** Provide a Kyrgyz speaking psychologist experienced in conducting professional group psycho-therapies aimed at empowering camp participants, and the group therapies shall become an integral part of the training process, allowing the camp participants to open up about their former migration experiences, about their struggle to find justice and directing their emotions towards engaging in volunteerism;
- **Principle 4 – Training Format.** The training shall NOT be arranged in a conference room/training room and shall be distinct from traditional classroom training formats. The training shall be organized in a form of a camp-out. Service providers shall propose a format of the camp-out such as "discussions in a yurt", "stories around the fire", etc.

A task or tasks within the project to be proposed*

Conducting of 2 Camps (one in the North and another in the South of Kyrgyzstan) for Future Community Activists:

- Adhering to the principles described above, provide a detailed **A Camp Concept** and approaches to conducting a camp on *Engagement in Volunteerism for Former Migrants* with a justification of a need for such a camp, purpose of the camp, activities proposed within the camp, trainers to be involved with a summary of their credentials, and a list of training materials to be used: literature, articles, studies and researches;
- Develop a **Camp Agenda** (3 full days for each camp) with both theoretical lectures/presentations and practical hands-on exercises adhering to the principles described above;
- Provide **Competent Trainers** who are experienced to deliver training on two or more of the following topics. The Camp agenda shall address all of these topics (the following list is illustrative and more topics can be included):
 - Volunteerism (in the context of migrant rights):
 - Who is a volunteer?
 - What do volunteers do?
 - Why become a volunteer?

ОПИСАНИЕ ЗАДАНИЙ НА РУССКОМ ЯЗЫКЕ:

Проекты будут реализоваться в Кыргызстане, места для проведения лагерей могут быть определены после отбора заявок, расчеты должны быть проведены с учетом доступных цен проведения мероприятия (один на севере страны, второй на юге). Место для проведения диалога предпочтительнее на юге страны.

Лот №1: Проведение 2 лагерей для будущих общественных активистов и 1-дневный диалог местных властей с активистами сообществ

I. Лагерь для будущих общественных активистов

На протяжении десятилетий MOM спасает, защищает и помогает мигрантам в их пути к реализации их миграционной стратегии. В Кыргызстане проживают достаточное количество мигрантов, которым MOM оказала помощь по возвращении. Благодаря MOM многие мигранты смогли добиться справедливости в защите своих прав, улучшили свои жизненные условия и потенциально готовы вовлекаться в волонтерскую деятельность по оказанию помощи другим нуждающимся мигрантам. Данный тендер предполагает собрать всех мигрантов, которые получили помощь от MOM для того, чтобы привлечь их к волонтерской деятельности в качестве активистов в продвижении прав человека, распространении информации о рисках неурегулированной миграции, торговле/контрабанде людьми, в адвокации безопасной миграции путем рассказа о своих историях и обмена опытом, инициировании социально и экономически важных действий на уровне их сообществ.

Только те, кто разделяет схожий опыт и пережил подобные вызовы, могут объединиться чтобы защитить свои права. Например, в прошлогоднем лагере, MOM удалось извлечь урок о том, что наши бенефициары готовы активно вовлекаться нежели оставаться пассивными бенефициарами. Они желают стать активными игроками и актерами в адвокации за права человека. От тренеров ожидается провести тренинг в формате лагеря для данной категории мигрантов, желающих стать волонтерами. Соответственно задача заключается в том, чтобы показать бывшим мигрантам, как они могут вовлекаться в активизм по правам человека через волонтерскую деятельность в своих сообществах. Успехом данных лагерей будет рассматриваться вовлечение в активизм по крайней мере двух участников, который в последующем станут волонтерами в своих сообществах.

ПРИНЦИПЫ, к которым необходимо следовать при организации лагеря:

- **Принцип 1 – Все тренеры должны владеть двумя языками: кыргызским и русским (знание узбекского – преимущество).** Имейте в виду, что многие мигранты в основном владеют кыргызским или узбекским языками, соответственно тренинговые подходы, материалы и мероприятия должны быть направлены на кыргызско- и узбекско-говорящую аудиторию. Тренеры / консалтинговая компания, намеревающиеся провести данный лагерь должны продемонстрировать знание этих языков на продвинутом уровне.
- **Принцип 2 – Материалы и знание должны быть представлены простым языком.** Из за того, что уровень образования бывших мигрантов разнится, учебные материалы должны быть представлены максимально простым языком, так чтобы каждый участник усвоил материал тренинга.
- **Принцип 3 – Психологическая поддержка.** В команду должен быть включен кыргызско-говорящий психолог, имеющий опыт проведения профессиональных психологических групповых терапий. Групповые терапии должны быть неотъемлемой частью тренингового процесса, направленных на то, чтобы раскрыть потенциал участников, помочь им порефлексировать относительно их бывшего миграционного опыта, об их поиске справедливости, эмоционально вдохновляя их к вовлечению в волонтерство.
- **Принцип 4 – Формат тренинга.** Тренинг НЕ должен быть организован в конференц-зале/тренинговой комнате и по формату кардинально должен отличаться от традиционных тренингов в учебных классах. Тренинг должен проводиться в формате лагеря, например: «дискуссии в юрте», «разговоры вокруг костра» и т.д.

II. Диалог между будущими лидерами сообществ и представителями местной власти

По завершению лагерей для будущих активистов, МОМ предполагает собрать за одним столом всех обученных активистов, чтобы научить как вести диалог с местными властями при решении их общественных проблем, в результате которого обученные активисты разработают свои собственные повестки дня для обсуждения, пригласят власти и вступят в конструктивный диалог о том, как местные органы власти могли бы наилучшим образом решать вопросы их сообщества в продвижении прав человека, распространении информации о рисках неурегулированной миграции, торговле/контрабанде людьми, а также вопросы по инициированию социально и экономически важных действий по развитию регионов на уровне их сообществ. От тренеров ожидается провести диалог для данной категории мигрантов, желающих стать волонтерами/активистами, в формате встречи/диалога с представителями местной власти, а также пригласить государственных чиновников центрального уровня участвовать в этом диалоге с обученными общественными активистами, чтобы активисты приобрели практический опыт построения диалога с властями и защиты достоинства и прав жертв торговли людьми, мигрантов и сообществ, пострадавших от миграции.

ПРИНЦИПЫ, к которым необходимо следовать при организации диалога:

- **Принцип 1 – Все тренеры должны владеть двумя языками: кыргызским и русским (знание узбекского – преимущество).** Имейте в виду, что многие мигранты в основном владеют кыргызским или узбекским языками, соответственно материалы и мероприятие должны быть направлены на кыргызско- и узбекско-говорящую аудиторию. Тренеры / консалтинговая компания / НПО, намеревающиеся провести данный диалог должны продемонстрировать знание этих языков на продвинутом уровне.

SUB-SECTION IV: ENVIRONMENTAL CONSIDERATIONS

IOM Internal Policy on Compliance with Environmental Norms, implemented worldwide and coordinated with all Member States, requires an assessment of environmental sustainability to be systematically integrated into the design, implementation and monitoring of project activities. In accordance with these activities, it will be necessary to assess compliance with environmental norms. IOM and its partners, sub-grantees will comply with all standards of environmentally sound work, in particular by reducing the number of paper editions and switching to electronic means to inform the public and to train beneficiaries, both governmental and non-governmental.

SUB-SECTION V: GENDER MAINSTREAMING INTO THE PROJECT⁴

Ensure equal opportunities for men and women in improving their skills and participating in the project. Such efforts include, but may not be limited to institutionalizing of gender mainstreaming into all aspects of project interventions which are implemented and/or funded by IOM. This compliance may be achieved via equal allocation of the duties and responsibilities between men and women, ensuring such an approach becomes a daily practice of all the departments and employees involved in implementing the project.

Within this project gender mainstreaming is not only about considering specific needs of men and women equally, but also implementing projects and relevant interventions that shall not harm and/or strengthen the existing prejudices towards various vulnerable groups, including LGBTI persons (lesbians, gays, bisexuals, transgender and intersex persons), people with disabilities, sex workers, etc. Avoid implementing activities that promote stigmatization, gender stereotypes and initiating discriminative actions. Avoid sexism (discrimination based on sex) and ageism (discrimination based on age).

⁴ It is welcomed if the Bidder's staff have certificates proving their participation in trainings on gender issues. Gender trainings. Online Gender Trainings are available at <https://trainingcentre.unwomen.org/course/description.php?id=2> Please note that the training at this link is available only in English, the Russian version is expected to developed soon.

Section V

IOM POLICY ON PREVENTING SEXUAL EXPLOITATION AND ABUSE

IOM is unequivocally committed to a policy of absolute rejection of sexual exploitation and abuse, and requires the same commitment from its partners. Humanitarian assistance and services should be provided in a manner that prevents and protects employees and beneficiaries of the organization from sexual harassment, exploitation and abuse. Exploitative and abusive sexual actions by employees and partners are absolutely prohibited, and those responsible will be prosecuted. Any compulsory sexual activity, including those acquired by threatening or retaining humanitarian assistance or services, is by definition exploitative and violent, particularly in camps, when the beneficiaries are in the most vulnerable position. Since sexual exploitation and violence are based on gender inequality and lack of respect for human rights, staff should strive to ensure that humanitarian activities are gender-sensitive, and the beliefs, perspectives and needs of women, girls and all vulnerable groups are adequately taken into account.

It is expected that the applicant will strictly follow these principles and promote them in their activities. Thus, the applicant's commitment to a policy of absolute rejection of sexual harassment and violence will be reflected in their principles and activities.

In their application, applicants must reflect their agreement with IOM's policy on preventing sexual exploitation and abuse.

Section VI

IOM POLICY ON CONFIDENTIALITY AND DATA PROTECTION

The following IOM principles of confidentiality and data protection shall be followed by the Applicant without exceptions.

1. LAWFUL AND FAIR COLLECTION

Personal data must be obtained by lawful and fair means with the knowledge or consent of the data subject.

2. SPECIFIED AND LEGITIMATE PURPOSE

The purpose(s) for which personal data are collected and processed should be specified and legitimate, and should be known to the data subject at the time of collection. Personal data should only be used for the specified purpose(s), unless the data subject consents to further use or if such use is compatible with the original specified purpose(s).

Personal data sought and obtained should be adequate, relevant and not excessive in relation to the specified purpose(s) of data collection and data processing. Data controllers should take all reasonable steps to ensure that personal data are accurate and up to date.

4. CONSENT

Consent must be obtained at the time of collection or as soon as it is reasonably practical thereafter, and the condition and legal capacity of certain vulnerable groups and individuals should always be taken into account. If exceptional circumstances hinder the achievement of consent, the data controller should, at a minimum, ensure that the data subject has sufficient knowledge to understand and appreciate the Specified purpose(s) for which personal data are collected and processed.

5. TRANSFER TO THIRD PARTIES

Personal data should only be transferred to third parties with the explicit consent of the data subject, for a specified purpose, and under the guarantee of adequate safeguards to protect the confidentiality of personal data and to ensure that the rights and interests of the data subject are respected. Confidentiality of personal data must be respected and applied at all stages of data collection and data processing, and should be guaranteed in writing. All IOM staff and individuals representing third parties, who are authorized to access and process personal data, are bound by confidentiality.

7. ACCESS AND TRANSPARENCY

Data subjects should be given an opportunity to verify their personal data, and should be provided with access insofar as it does not frustrate the specified purpose(s) for which personal data are collected and processed. Data controllers should ensure a general policy of openness towards the data subject about developments, practices and policies with respect to personal data.

8. DATA SECURITY

Personal data must be kept secure, both technically and organizationally, and should be protected by reasonable and appropriate measures against unauthorized modification, tampering, unlawful destruction, accidental loss, improper disclosure or undue transfer. The safeguard measures outlined in relevant IOM policies and guidelines shall apply to the collection and processing of personal data.

9. RETENTION OF PERSONAL DATA

Personal data should be kept for as long as is necessary, and should be destroyed or rendered anonymous as soon as the specified purpose(s) of data collection and data processing have been fulfilled. It may however, be retained for an additional specified period, if required, for the benefit of the data subject.

10. APPLICATION OF THE PRINCIPLES

These principles shall apply to both electronic and paper records of personal data, and may be supplemented by additional measures of protection, depending, inter alia, on the sensitivity of personal data. These principles shall not apply to non-personal data.

11. OWNERSHIP OF PERSONAL DATA

IOM shall assume ownership of personal data collected directly from data subjects or collected on behalf of IOM, unless otherwise agreed, in writing, with a third party.

12. OVERSIGHT, COMPLIANCE AND INTERNAL REMEDIES

An independent body should be appointed to oversee the implementation of these principles and to investigate any complaints, and designated data protection focal points should assist with monitoring and training. Measures will be taken to remedy unlawful data collection and data processing, as well as breach of the rights and interests of the data subject.

This indemnity shall survive the expiration or termination of this Agreement.

16. Waiver

Failure by either Party to insist in any one or more instances on a strict performance of any of the provisions of this Agreement shall not constitute a waiver or relinquishment of the right to enforce the provisions of this Agreement in future instances, but this right shall continue and remain in full force and effect.
